Wednesday Bible Study

Acts 9:32-43

This is a one week handout.

Read Acts 9:32-43. Answer questions below. Bring your answers next week for us to discuss together. Do not feel bad if you are not able to find an answer to a question. Do the best you can and enjoy studying the passage. We will work together as a group to find the meaning of God's wonderful word.

1. When talking with Aeneas, who did Peter say would heal him, and why was this significant?
2. What was one of God's purposes for the miracles recorded in Acts 9:32-43? How do we know that purpose was accomplished?
3. Is God still performing the same types of miracles today that the apostles performed in our passage? If so, are they done for the same purpose?
4. Imagine someone you're witnessing to raises these questions about the Bible. How would you lovingly respond?
 - A. "The Bible was written by men. Why should I believe it's God's Word?"
 - B. "Hasn't the Bible been copied so many times that it's been changed?"
 - C. "The Bible contains contradictions."
 - D. "With so many different religions in the world, how can we know that God's Word is found only in the Bible?" How can we lovingly and gently explain that to someone from a different religion?

For you have exalted above all things your name and your word - Ps. 138:2

5. What ministry did Dorcas faithfully carry out that God's Word also calls us to do?

6. Before Peter spoke to Dorcas, what did he do first? How can we follow his example before we do ministry?

7. How does our passage show Acts 1:8 continuing to be fulfilled? What step can you take this week to help fulfill that same mission?
